

FOCUS[®]

Versatile Low Profile Lamphead

Don't Waste Precious Light

The high intensity FOCUS lamphead uses a uniquely designed patented reflector to eliminate wasted light. It is designed to focus 100% of the light produced into the area where it is needed. Built tough, the compact design allows it to be mounted in places that traditional lighting fixtures do not fit.

The Low Profile FOCUS lamphead provides many mounting choices.

- Telescopic Pole
- Fixed
- Brow
- Recessed
- Portable
- Under Aerial

ADVANCED TECHNOLOGY

A cross section of the FOCUS lamphead showing its unique reflector surfaces that redirect light waves for even, bright scene lighting where it's most needed.
